BW NICE, Business Women Networking Involving Charity & Education, is a unique women's networking organization that provides women at all stages of business and personal life with support, education and resources. We see value in the balance of business networking and charitable outreach. Through BW NICE, Inc., our 501 (c) (3), the fundraising activities and proceeds raised by our Chapters, along with other events in the community, go directly to client services at each domestic violence agency in order to support the immediate needs of women and families in their safe and transition housing gain dignity and hope for a new and better life. You can never fully understand the challenges or struggles they face until you walk in their shoes and we want to honor the journey of all victims and survivors of domestic violence and sexual abuse.

KEY NOTE SPEAKERS

stellavalle.com

Stella Valle is a brand that inspires confidence in who you are and where you are going. Our designs portray the feminine strength that helped us pursue our dreams in fashion. We know the same mental toughness exists in each of you. Our 'Modern Charm' designs allow you to tell the world who you are and what inspires you. From the beginning, our vision has been to inspire women to be authentic, achieve their biggest dreams, and have a positive impact on others. As sisters, West Point graduates and Army veterans, we used our extraordinary experiences as inspiration to co-found and design Stella Valle. Our journey includes being featured on the hit TV show, Shark Tank, and as a result we are now partners with Lori Greiner and Mark Cuban. The brand is growing rapidly and is universally recognized by major fashion and entrepreneur magazines as one to watch.

Service and giving back has always been a part of who we are. We continue to support women and veterans through our 'Be One Give Back' program. We are very fortunate to be doing what we love.
