

Here's how to post a member-to-member deal.

1. Log into the site
2. Click *Edit My Listing*. Your directory profile will open.
3. In the second box, *Category*, click anywhere for the dropdown.
4. Select *! Member 2 Member Offer*
This adds the icon to your profile so other members know you have an offer.
5. SCROLL all the way down to the last box, *NOTES*, and enter the details of what you are offering.
6. Click the large red bar to *Save or Update Profile*.

If you do not have a member-to-member offer, please do NOT select the category.

Go back into the Member Directory and search for your profile. Click the M2M logo to see a dropdown of the details you posted.

Be sure to keep your offer timely and up to date. Let's do business!
