

MEMBER BENEFITS OVERVIEW

We hope you will consider becoming a proud member of BW NICE! Our female empowerment organization not only offers women's professional networking opportunities but a way to give back and support local women's charities in our communities. We believe in the balance of both business networking and charitable outreach. We bring women together to gain meaningful business connections, learn new ways to succeed, and foster an empowering environment. Your support will allow us to continue our mission of chapter expansion, support our charity partners, and raise awareness and critical funds to help end domestic violence.
